GMAC GRS Consultants Comments: -

- Expatriate International achieved 100% Premier Service for Consultants Survey and 100% Premier Service for Assignee surveys (based on approx 40 assignees that completed the evaluation)
- They've not only fulfilled all criteria in our Premier Service requirement, they have done an excellent job for each of the categories. I receive instant updates after each and every home finding session, without having to prompt them.
- They respond to our enquiries very quickly
- They manage the assignee's expectations at the start of the home finding sessions.
